eDucts 1.1 Installation Instructions

1. Save the educts1.2.zip file to your computer (Make a note of the location of the zip file).

*These steps apply to a computer with the Windows 7/10 operating system. If you have a different operating system or have an application like WinZip installed the process will vary somewhat.

2. Find the educts1-1.zip you downloaded to your computer.

3. Place your cursor (pointer) over the file.

4. Right-click and select Extract All...

5. Click in the box below Files will be extracted to this folder:

6. Type C:\CCAD Add ons.

7. Remove the check mark from Show extracted files when complete.

8. Choose the Extract button.

Note: You must extract the files from the zip file as AutoCAD will not open files from a zip file.

AutoCAD 2006+ Installation

(see below for AutoCAD 14-2005)

1. Begin AutoCAD.

2. Type Options and press ENTER.

3. Click the Files Tab.

4. Expand the Support File Search Path icon by clicking on the + symbol.

5. Click the Add... button. DO NOT FORGET THIS STEP!

6. Click the Browse… button.

7. Navigate to the C:\CCAD Add ons folder (or folder you made/selected).

8. Click on C:\CCAD Add ons and click OK.

AutoCAD 2014+ ONLY (8a-8e)

8a. Expand the Trusted Locations icon by clicking on the + symbol.

8b. Click the Add... button.

8c. Click the Browse… button.

8d. Navigate to the C:\CCAD Add ons folder (or folder you selected).

8e. Click on C:\CCAD Add ons and click OK (or folder you made/selected).

9. Click on the OK button when finished.

10. Type Cuiload and press ENTER. If 2005 or older Type Menuload and press ENTER.

11. Select Browse... and locate the C:\CCAD Add ons folder (or folder you selected).
